

HEADS UP!

SEPTEMBER 2006

A Message From Clark County Government About a Project in Your Neighborhood

OPEN HOUSE FOR HIGHWAY 99 AREA CIRCULATION PLAN

When/Where:

- **Tuesday, September 26, 2006
from 6 p.m. to 8 p.m.**
- **Salmon Creek United Methodist
Church Auditorium
12217 NE Highway 99
Vancouver, Washington**

Purpose of the Open House:

Review a proposed circulation plan which was initiated during completion of the Highway 99 Concept Plan. County staff will gather public input for formal adoption of the plan. Information will also be provided on the emergency repairs to Kline Line Bridge, and other county capital improvement projects in the area.

What is a Circulation Plan?

A Highway 99 Area Circulation Plan will identify a basic future roadway network to support traffic circulation as this area grows. While providing for alternatives to full access to Highway 99, the Plan does not identify all possible future local streets or determine exact future road alignments. Street improvements would typically be constructed by private developers as the adjoining property is developed.

What will happen after the Open House?

The Circulation Plan will be presented to the Clark County Planning Commission on October 19, 2006, 6:30 p.m., at the Clark County Public Services Center, 1300 Franklin, 6th Floor, Vancouver, WA.

The Planning Commission will review all testimony and make a recommendation to either approve or deny the adoption of the Highway 99 Area Circulation Plan. Their recommendation will be forwarded to the Board of County Commissioners. The Board will hold hearings in November 2006, with final adoption scheduled by the end of the year. The adopted Plan would amend the Arterial Atlas.

Questions/Comments:

If you cannot attend the open house, visit our website at <http://www.clark.wa.gov/longrangeplan/projects/highway99.html>. For more information contact: For more information about the draft circulation plan contact Mike Mabrey at (360) 397-2280 ext. 4343 or e-mail: Michael.Mabrey@clark.wa.gov.
